The Magic of Rotary rolled into South Haven on Friday, May 2nd, when we gathered at the Michigan Maritime Museum for our annual District Conference. Over 300 attendees participated in this event where they experienced the Magic of Big Blue, celebrated our clubs' incredible results, honored our Rotary HEROES, heard from world-class thought leaders, caught up with old friends, made some new connections, and danced the night away at a live concert by the famous Bluewater Kings. What an incredible weekend to enjoy a few days in "beach town" where life moves just a little slower.

Here is what you might have missed at the District Conference.

### 2. THIRD ANNUAL DISTRICT INTERACT WAS AWESOME!!

Interactors from around the district met at Lake Michigan College, South Haven campus on May 2. Interact Council members led the day with Keynote speaker Renwick Ballew, a Rotary Youth Exchange Student to Japan, breakout sessions on RYLA Camp, Rotary Youth Exchange, Rotaract, and How to Start Your Own Mission Trip. Student made over 30 blankets to be donated to Corewell Health hospitals around the district for patients in chemotherapy and pediatric patients. Thanks to our Young Leaders!

3. Rotary Student Program – 17 Rotarians shared information on their profession during a "Career Speed Dating" event during the Rotary District Conference. Although the time was limited, students and Rotarians experienced a little about the benefits of learning more about a career that they may want. For more information, contact Becky Foster, District Rotary Student Program Chair: email: [fosterstutoring@gmail.com](mailto:fosterstutoring@gmail.com), Cell phone: 269-313-0013.

4. Rotary Youth Exchange – Will you open your home to a young person? We're looking for ONE (1) Rotary club to find a family to host a student in 2025-26. A host family has the student for one semester and then moves to a second host family. This Rotary model usually allows the student to experience different American family lifestyles. Host families do not have to be Rotarians.

For more information on "Becoming a Host Family" visit our website: <https://www.district6360.com/rotary-youth-exchange/>

- Boy from Denmark needs a host club and family! Holger, 16 years old, plays soccer and likes to swim. His family lives on a 1,200-acre pig farm. His English is good. Please let Margie Haas, district chair, or Cooper Frost, district Inbound Coordinator, know if your club is interested. ## South Haven Salmon Service Project

South Haven Rotarians joined fourth and fifth graders from North Shore elementary school in planting salmon fingerlings in the Black River on Wednesday, May 7. The planting was the culmination of an annual project. The life of the fish started as spawned eggs which hatched into immotile larvae and eventually fingerlings large enough for planting. The project is accomplished using shillars donated by South Haven Rotary and the South Haven Steelheaders. Students placed the fingerling into the river one-by-one, assisted by Rotarians. Hopefully, in years to come, they'll grow into 20-pound-plus salmon that ply the Lake Michigan waters.

## Council on Legislation

By Nathan Andrew Triplett

Every three years, representatives from each Rotary district across more than 200 countries and territories gather in Chicago for the Council on Legislation ("COL")—Rotary's parliament. The COL considers enactments—proposed changes to Rotary's Constitution, Bylaws, and the Standard Rotary Club Constitution—submitted by clubs, districts, and the Rotary International Board of Directors. The deliberations are simultaneously interpreted in English, French, Japanese, Korean, Mandarin, Portuguese, and Spanish. PDG Nathan Triplett from the Rotary Club of Lansing represented District 6360 at the most recent COL, which was held April 14-16.

The 2025 COL considered 86 enactments. Thirty-one enactments (36%) were adopted, forty-eight (56%) were rejected or withdrawn, four (5%) were referred to the RI Board of Directors for further consideration, and three (3%) were postponed indefinitely.

Among the most notable enactments adopted were:

- Decreasing the number of members needed to charter a new Rotary club from 20 to 15.

- Approving an increase in dues paid to Rotary International in 2027-2028, 2028-2029, and 2029-2030. Dues will increase by \$3.50, \$3.75, and \$3.75 respectively.
- Permitting the RI Board of Directors to consider factors such as culture and language, not just the number of Rotarians, in drawing zone boundaries.
- Eliminating the requirement of holding a district conference annually. Instead, districts will be allowed to choose for themselves whether to hold a conference.
- Renaming the President-Elect Training Seminar (PETS) to the President-Elect Learning Seminar (PELS) and the District Training Assembly to the Club Leadership Learning Seminar.
- Empowering the RI Board of Directors to instruct a club to terminate the membership of a Rotarian or Rotaractor.
- Providing a uniform process for removing Rotary officers and committee members for cause.

Among the most notable enactments rejected were:

- Limiting the number of honorary members in a club.
- Setting an age limit for Rotaractors.
- Imposing a term limit on the RI General Secretary.
- Imposing a term limit on Council on Legislation representatives.
- Several proposed amendments to the Object of Rotary and the Avenues of Service.

Rotarians may view the full voting results [here](#). Enactments approved by the 2025 COL will become effective at the start of the next Rotary year (2025-2026) on July 1, 2025.

District 6360 Rotarians with questions about the 2025 COL, any of the enactments that were considered, or the COL generally should feel free to reach out to PDG Nathan.
