## This Week at Rotary

MONDAY, April 11, 2022

In person at Sinclair Community College - or on Zoom

*"Whole Grains- Making Better Bread and Supporting Ohio Farmers"*

Speaker: Andrew Fisher

Andrew Fisher, Breadmaker, moved back to his hometown of Dayton with his wife and two young daughters in the summer of 2020 after a decade of working in the Columbus food and bread scene. A summer of baking bread for neighbors led to him starting his own home bakery and he now frequents several local farmers markets. He is a proponent of sourdough and Ohio-grown organic grains, which he frequently highlights in his breads. Andrew has a stand at the 2nd Street Market. He will be bringing artisan bread samples.

Chair of the Day: Annie Foos

## This Happened Last Monday...

Shaun Yu called the meeting to order and warmly welcomed our many visitors (of course since it was bring a visitor to Rotary day we had many). The room was packed and I personally was proud, as well as wished it was Red Ribbon Takeover Day because the crowd was so large. Bill Nance talked about looking back, forward, and in the present and lead us in a prayer on being thankful. The large crowd recited the four-way test with great enthusiasm and then rocked the pledge of allegiance. He presented the news of the day which focused on oil prices, kind of a downer Bill, but he brought back the excitement with a story of a woman who took action instead of standing by watching. This likely resulted in over 100 lives being saved. Bill ended the news with a quick story about a thief who stole some unique coins from a bank and then tried to deposit them a few days later... at the same bank. The teller recognized the stolen coins and called the cops. You truly can't make this stuff up. J

Kim Bramlage led the Secretary's Announcements, which included the following:

- Birthdays – Dave Neer, Ann Pfeiffer, John Neff, Penny Wolff, Jean Maychack, Jane Keiffer, and Latisha Taylor. Happy birthday to all!!
- Red Ribbon – Adam reminded folks about the April 18<sup>th</sup> takeover meeting which includes a chance to suggest a name for the dog for just a \$100 donation (that is like skipping just 3 trips to Starbucks, assuming you get the super large coffee concoction and a pastry each visit).
- Day 10's - Nicole Sturk \$100 in honor of our speakers Josh and Brent, Chas Woodhull \$100 for the K-9 (name "Duke"), Adam Horseman \$500 for the K-9 (name "SAS" for service above self), Chuck Watts \$100 for Human Rights, Donna Kastner \$150 for the K-9 (name "Silverado"), Suren Singhvi \$10 in honor of his new book, Paul Gruner, \$100 for the K-9, Jean Maychack for the Ukraine Project, and Amy Radachi \$100 to remind us about the Rebuilding Together upcoming National Rebuilding Day in Dayton.

Lisa Grigsby then began to welcome Guests and Visitors. Did I mention previously we had a ton of guests? Well we did, 30+ in person and 3 on ZOOM. There were so many, she had them stand up and introduce themselves (that Lisa is a smart cookie). The guest covered the full spectrum of our community and all seemed super excited to be there. We also had two Rotary visitors, Larry Hodapp from Kettering Rotary and Jason Hamrahan from New Carlisle Rotary.

Next up was President's Time where Shaun talked about our wonderful District Governor and the bed project from last year. This was the lead in to an update on the upcoming Rotary Day of Service with Rebuilding Together. Amy Radachi reported we already have 25 registered, but can use more. The date is April 30<sup>th</sup> this year. Shaun then asked Adam Horseman to introduce a new member, Mike Embree with Sibcy Cline Realtors. Mike lives in Dayton View Historic District and is super active in various community groups. Welcome Mike!

Then Chair of the Day, Lisa Grigsby, introduced our featured speakers - Josh Stucky and Brent Johnson, Owners of Square One Salon & Spa. Josh & Brent gave a very motivating presentation on how businesses should treat their employees. This came naturally to them as they have a great reputation for employee relations. In fact, they have retained 98% of their team throughout the whole COVID mess. They talked about if you try to force a work/life balance, then it is not a real balance. They had us all at full attention as they shared their "4 Corner Focus" which includes charity, community, culture, and something else (I was listening too much and not taking enough notes). I especially loved when they next talked about avoiding the word "NO" at all costs and being "photo ready" at all times. This ensures your customers never see the behind-the-scenes mess. Smart guys indeed. They reminded us that communication with our teams is key, that we have to trust in our people, and that we should respect employees' lives with "no work allowed days". Did I mention these guys are smart? They wrapped up with the importance of ensuring employee

breaks, teaching delegation, investing in self, providing flexible work schedules, and treating the whole person. A Q&A followed.

Shaun presented the speakers with a small gift. The Queen of Hearts weekly winner was Steve Naas who sadly drew a Jack of Clubs (wait, I was actually happy with his choice). J Shaun announced that 32 Rotarians brought guests and each guest would receive a gift. He then announced that Lisa Grigsby's number had been selected for the \$100 gift card for bringing a guest. Lisa asked that another number be drawn. Number 22 was selected and Darlene Nelson was the winner. Shaun thanked all our guests for joining us and hopes they will all consider membership in the future.

Next week we will learn about bread, yum.

The meeting adjourned at 1:15pm. Respectfully submitted, Bob Ruzinsky.

National Rebuilding Day takes place annually to bring local communities together in the hopes of assisting low-income earners in need of home repairs. The day is celebrated on the last Saturday of April, and over the weekend, thousands of volunteers join forces to give a house lift to families in need.

Critical repair or refurbishment is done by volunteers at no cost to family members. The resources needed for the job are obtained from donations, sponsorships, and gifts from businesses, schools, and other kinds of organizations. These repairs make homes safer and more liveable for families that cannot afford to pay maintenance costs.
