We build consensus about climate change

ONE INDIVIDUAL, ONE COMMUNITY, ONE CONVERSATION AT A TIME

YOU'RE INVITED!

Please join us for a frank and friendly, all-politics-aside
Conversation about Climate Change

Featuring nationally acclaimed
founder of C-Change Conversations,
Kathleen Biggins

The Athens Area Chamber of Commerce is hosting a non-partisan presentation on science and the economics of climate change issues, led by Kathleen Biggins. This event will be hosted by C-Change Conversations Athens, a local group of citizens who are concerned about the economic, health, and national security impacts of climate change.

The event will be held Tuesday, September 12 from 12:00 PM to 1:30 PM at Terrpain Beer Co. on Newton Bridge Rd. in Athens. The \$20 ticket includes lunch.

About C-Change Conversations

C-Change Conversation's Primer presentation has been lauded by both conservative politicians and chief scientists of internationally-recognized scientific institutions. The Primer has been presented to the Conservative Climate Caucus staff in Washington, DC as well as to over 17,000 people in 32 states. It has been well received at World Presidents Organization Southeastern Conference, Rotary Clubs, Chambers of Commerce, World Affairs Council, and other associations.

Praise for the C-Change Conversations Primer

"Kathleen Biggins presented the C-Change Conversations Primer to great acclaim to about 200 bankers and businesspeople located across the globe. The Primer is logically prepared and delivered, giving the audience both the foundational science behind climate, and relating it to issues that matter to everyone. The Primer is pitched as a "nonpartisan conversation" on the topic of climate change designed to push past political preconceptions and attitudes and it delivers on this promise most effectively." -Bill Woodley, Head of US, UK, and Europe Commonwealth Bank of Australia
