Club of the Classic City of Athens

Events

February 16, 2026

Program: Club Assembly

We are a little past the half-way point in the Rotary year, so it's time to reflect on our accomplishments, where we've been, and where we are going moving forward. We'll also discuss our club projects and brainstorm and generate new ideas for the future. The Club Assembly is the time to think about what motivates our club members and how we can enhance our experiences.

Rotary Facts

February 23, 1905 was the very first Rotary meeting in Chicago. The meeting was organized by Paul Harris with friends Sivester Schiele, Gustavus Loehr, and Hiram Shorey. The purpose was to create a club to develop fellowship among business leaders and to help improve the community.
