February 28 Meeting

President Jamie presided over our first evening meeting.
Holly gave the thought of the day via Zoom.

“Thou, too, sail on, O Ship of State!
Sail on, O Union, strong and great!
Humanity with all its fears,
With all the hopes of future years,
Is hanging breathless on thy fate!...

Sail on, nor fear to breast the sea!
Our hearts, our hopes, are all with thee.
Our hearts, our hopes, our prayers, our tears,
Our faith triumphant o'er our fears,
Are all with thee, -are all with thee!” Henry Wadsworth Longfellow

(Personal note: I loved hearing this. As a child I heard a poem by Longfellow, Whittier, Emerson, or Sydney Lanier every morning after morning prayer and before breakfast. I think my parents had memorized entire volumes of 19th century poetry.)

Announcements:

- ❖ President Jamie encouraged us all to attend the next Stafford School Board meeting. The issue to be discussed is school violence and student food insecurity.

February 28 Program – Sue Henderson

Our guest speaker was Sue Henderson who gave us a lively update and conversation about everything happening with the Stafford Museum and Cultural Center.

For 20 years, Sue was a Certified Recreation Professional (NRPA) specializing in large events and marketing for federal (USAF) and local (King George County, VA) recreation departments. She created Henderson Productions as a multi-service event planning and marketing company in 2001 and has more recently concentrated on the photography and tourism aspects of the industry.

Among Sue's accomplishments, she is proud to have been the Program Manager for Stafford County's award-winning 350th Anniversary celebrations in 2014. Her photographic images have won major awards from the Venice (Italy) Tourism department, the 7th Annual Julia Margaret Cameron Award for International Women Photographers (Documentary/Cultural Category), the Virginia State Fair and numerous others. Sue is a USAF veteran.

Since 2017, Sue has been the Executive Director for the Discover Stafford Museum &

Cultural Center laying the groundwork for a professionally operated Museum focused on bringing Stafford County together to celebrate the history of the County that Built the Nation.

The Stafford Historical Society has wanted a museum for over 50 years. Sue gave us an update on progress on the project. The Historical Society is hoping to convince the Stafford Supervisors to designate 1% of the Occupancy tax to generate funds for both capital and operating budgets for the proposed Stafford Museum and Cultural Center. It is estimated that the building and campus will cost about \$25 million. The plans for the building includes a 500 seat auditorium.

The Museum and Historical Society presents regular programs on Stafford's people and places. Sue demonstrated several examples of the use of technology in telling the county's story, including the virtual recreation of the Langley flights.

The organization's excellent webpage features articles on Stafford history, a virtual museum, information upcoming programs, and opportunities for volunteering. <https://discoverstafford.org/>

One upcoming program features the new mural at Moncure Elementary. The mural was designed and created by Moncure teacher Ms. Campbell. The mural depicts Pocahontas, Chief Powhatan, Thomas Jefferson, and George Washington with the Chatham Bridge in the background. Celebrating local history, these murals capture the essence of our community and enrich our learning environment.

After the program PDG Sandy and President Jamie presented a Paul Harris Fellow certificate and pin to Sue.

March 3rd Tour of Sheriff's Office

The Rotary Club of Stafford had the unique experience of touring the Stafford County Sheriff's Office! Everyone who attended agrees that it was phenomenal. Sheriff Decatur toured the members through the communications center where everyone got to hear a real-time 911 call of a baby that potentially wasn't breathing. That wasn't staged at all, and you could see the "gasp" on everyone's faces. We then toured the shooting simulator, getting a feel for what it was like to shoot or not shoot in various scenarios. Everyone got their chance at the simulator to shout commands at suspects and then make the split second decision if they were going to take a shot.

March is Rotary Water, Sanitation, and Hygiene (WASH) month. Through WASH programs, Rotary's people of action mobilize resources, form partnerships, and invest in infrastructure and training that yield long-term change.

A banner for Rotary Water, Sanitation, and Hygiene (WASH) month. The left side is blue with the word 'MARCH' in white. Below it is a quote: "Life is a perspective and for me, if a human being has access to school, clean water, food, proper health care, that is the basis of human rights." attributed to Gelila Bekele. The Rotary logo is at the bottom left. The right side features a photo of a young girl in a blue dress smiling while washing her hands at a public water tap. A large yellow and blue Rotary logo is on the right. The text 'WATER, SANITATION AND HYGIENE MONTH' is overlaid on the photo.
