END POLIO NOW

Raise for Rotary
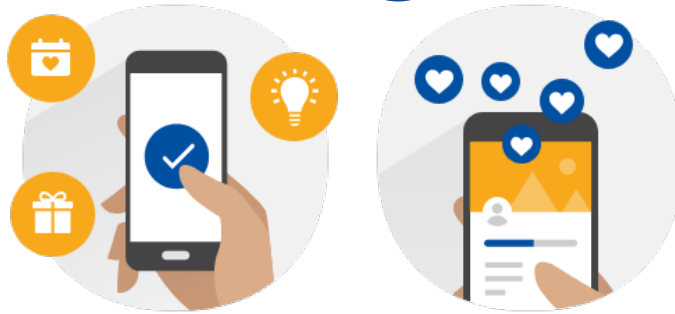

What is Raise for Rotary?

Raise for Rotary is a platform for individuals to create online fundraisers that benefit The Rotary Foundation. Fundraisers can be personal, like celebrating a birthday, or can be organized by an individual Rotary Club. This is a great way to raise money for Polio!

Organizers can share their fundraisers through social media, email, and texts.

How it Works:

1. Create a fundraiser:
Individuals sign up and create a fundraising page for a specific Rotary cause or project.

2. Share the fundraiser:
The platform allows easy sharing of the fundraiser with friends, family, and colleagues via social media and email.

3. Collect donations:
Donations are made online via credit or debit card.

4. Offline donations:
For U.S. and Canadian donors, donations can also be made by mail with a check and the Raise for Rotary Offline Donation Form.

5. Track progress:
The platform allows organizers to track the progress of their fundraising campaign and see how much has been raised.

6. Continue fundraising:
If the goal is met, organizers can continue fundraising by adjusting the goal or extending the end date.

What can funds be raised for?

The Rotary Foundation's various programs and areas of focus, such as ending polio, disaster response, supporting education, and more.
