Rotary Club of Redmond gives \$4000 to Stroke Awareness Oregon

*Mary Kaplan, Lawnae Hunter Founder SAO,
Toni Metherall ED-SOA, Paul Spain*

SAO is a non-profit created by physicians, stroke survivors and community members, exists to eliminate disability and death from stroke through awareness of causes, symptoms, treatment, and through recovery support. The fifth leading cause of death in Oregon and the greatest source of disability worldwide, stroke is a medical emergency by striking over 800,000 people nationwide each year. Stroke Awareness Oregon is making a difference in stroke outcomes and recovery through these four goals:

To educate about stroke causes, prevention, and treatment options.

To make F.A.S.T. a household safety word.

To support the recovery of stroke survivors and their families.

To do this work in partnership with the medical community, businesses, and the community.
