Membership Moment -- Location is Everything!

Take a look at your meeting facility. If you were to walk into the facility for the first time, what would you think? Be honest. Even if the facility is nice ... once you are inside ... the reputation of the location alone may be a turnoff to potential Rotarians. This may be a barrier to getting people through the front door. Ask a few people around town what they think of “XYZ location” and watch their reaction. If it is anything less than enthusiastic, maybe it is time to move. There are several clubs in the District that have experienced significant growth subsequent to changing their location. Feel like your club is in

a rut? Try changing your location to infuse some spark back into your meetings for both existing and potential Rotarians.

Shining the Spotlight on District 5110 Rotarians

Carisa Hettich is a member of Eugene Delta Rotary club. She serves as the Executive Director of American Red Cross-Cascade Regions in Eugene. On Friday,

September 15,

Carisa headed off to Houston to support disaster relief efforts after Hurricane Harvey. She will be working at the Convention Center in downtown Houston which is the largest shelter at “ground zero” for Harvey. This is her first national deployment. Carisa knows she is in for some tough work ahead. She will be working long, 12 hour days, staying in the staff shelter and sleeping on a cot. She anticipates being away from home for about 2 weeks. We look forward to hearing more about her experiences when she returns home. Thank you Carisa for representing District 5110 in Houston.
