Cindi's Challenge: Lead Your Membership

By Cynthia O'Neil

Lead Your Membership: Inspire Innovation and Action. Rotary members are our friends, our community businesses, our community leaders, and our dedicated servants to the communities in which we live. Are we caring for and connecting with our members? Do we value them? Do we reward them? Do we call them when they are missed in meetings? And most importantly, are we delivering the kinds of leadership opportunities, service opportunities, networking opportunities, and fun fellowship that we promised when they joined Rotary?

Rotarians, we must deliver these promises to our members! I offer some ideas I have heard about as I visit other clubs: [Click Here for a must read for any current or future Club President.](#)

#RotaryStepsTogether Starts September 1 to Benefit TRF

By Judith Corwin

Wondering how your Rotary club can raise funds for the Rotary Foundation and your club service projects during these social-distancing times? We have a great opportunity to work together♦..while apart! Environmental Sustainability: Making This Part of Your Club's Future

By Nikki Rizzardini

In February 2018, then RI President Ian Riseley hosted an Environmental Sustainability and Peace Conference in beautiful Vancouver BC. I was delighted to encounter Cindi O'Neil at that conference and connect on our shared earthly interests. I knew then that come 2020-21, I would be eager to engage with the District on Environmental projects. How timely that Rotary International has now incorporated Environmental Sustainability as an area of focus!

On behalf of District 5110, I invite you to share your passion for our world! [Please read more details by clicking here.](#)
