Message from DG Rick Olson on Coronavirus

By Richard K Olson on Wednesday, March 4, 2020

Rotary like every organization is monitoring the global spread of the COVID-19 outbreak. As your District leadership we have been in close contact with Rotary International and with information being released from the Center for Disease Control (CDC) and World Health Organization (WHO). In an effort to help inform our members we will be providing ongoing updates of the information as we learn from others. The President of the US Chamber of

Commerce earlier this week communicated to their members to be *Be prudent, be prepared, and don't overreact.* This sounds like good advice for all of us. [Please review COVID-19 Update 03022020 on the specific plans ahead.](#)
