December 3rd  
[Sheila Sabine](#)  
December 3rd

## Club Announcements

By Linda Marlene Cogozzo

**Got Plans?** If your Interest Group or Committee is sponsoring a Berkeley Rotary event, we can list it in Club Announcements. Email a two- to three-sentence description and contact information to Linda Cogozzo ([lcogozzo@icloud.com](mailto:lcogozzo@icloud.com)). Note: Email DACdb calendar listings to John Pardee ([japardee11@gmail.com](mailto:japardee11@gmail.com)) and Green Calendar listings to Anne Pardee ([pardeevt@comcast.net](mailto:pardeevt@comcast.net)) as usual.

**Lose Your Zoom Link?** Or are you having trouble signing in to the weekly meeting and it's about time for it to start? For assistance, call or text Linda Cogozzo at (510) 772-4615. We can't check email while the meeting is going on, but we've learned to keep our cell phones handy.

## An Opportunity for Service

By Maxim Schrogin

For anyone who's ready for some in-person service: Here's an opportunity to build and decorate Tiny Houses for homeless youth in Oakland.

Where: Oakland Coliseum  
When: Saturdays and Sundays from 9 to 4  
Contact: Maxim Schrogin, [maximds42@gmail.com](mailto:maximds42@gmail.com) or Sally Hindman at Youth Spirit Artworks [shindman@youthspiritartworks.org](mailto:shindman@youthspiritartworks.org). Sally will be able to tell you about how they're doing this safely in the time of Covid.

## Casting About in November

By Arlene Carol Marcus

**Casting About** is happening in November! We will meet via Zoom on Friday, November 20, at 5:00 p.m. Grab a glass of wine or brew and come to a casual social hour where you can learn all the secrets of the

Berkeley Rotary Club. It could also be called "everything you always wanted to know about Rotary but were too embarrassed to ask." This gathering is particularly appropriate for new and newish members, though veteran members frequently show up too.

No need to RSVP; just appear! But you'll want to come on time, as the Zoom link will self-destruct after 40 minutes. I will send out a Zoom link to everyone the day before the meeting.

Contact Arlene Marcus if you'd like more information: [arlenebmarcus@comcast.net](mailto:arlenebmarcus@comcast.net)

## Teaching Children About Climate Change

By Anne Pardee

On Wednesday, November 3, to an election-fatigued audience, Dr. Elizabeth Bagley, Environmental Educator and Director of Drawdown Learn, spoke to the Club on "Teaching Children to Learn What the Climate Crisis is, and What it Could Mean for Their Future." She gave us hope, opportunities, and a plan for our futures.

A former resident of El Cerrito, now living in Sitka, Alaska, Bagley was formerly with Leap Frog, a technology-based learning product for children, and also served as Director of Sustainability at the California Academy of Sciences. Bagley has experience studying coral reefs, sea turtles, and butterflies in Kenya, and has worked as a naturalist in Glacier National Park.

Project Drawdown is a leading resource for climate solutions that aims to help the world reach "Drawdown"--the point in the future when levels of greenhouse gases in the atmosphere stop climbing and start to steadily decline, thereby stopping catastrophic climate change as quickly, safely, and equitably as possible.

As Director of Drawdown Learn (a program of Project Drawdown), Dr. Bagley connects people with the most impactful climate change solutions. Through a diverse portfolio of programming, Bagley creates relevant, researched, and relatable sustainability content and initiatives that inspire audiences to take action to help people and the planet thrive together.
