

## commitment to service

The Rotary family has 1.2 million members, which breaks down to 35,000 clubs in 200 countries. We are neighbors, friends, and community leaders who come together to create positive, lasting changes in our community and around the world. Our members' diverse occupations, cultures, and backgrounds give us a unique perspective.

Rotary develops character and brings out the best of the human spirit. It teaches members ethics, humanity, cultural awareness, people skills, and the desire to serve. Our shared passion for service drives us to take on the community and world's most challenging problems.

**SERVE TO CHANGE LIVES**

## what's your passion?

Want to read to children, try out your green thumb, plan a fundraising event, mentor students, or feed hungry people? Want to build a house or assist with surgery for cleft palate? Then join the Las Vegas Summerlin Rotary club.

We are Summerlin's premiere service, business, and civic organization. We've been serving our community since 1997. Our members come from the retail, financial, legal, real estate, jewelry, government, aviation, insurance, entertainment, marketing, religious, education, automotive, hospitality, healthcare, and nonprofit sectors.

Best Large Club in District 5300

## bring your passions alive

Contact us to learn more about the Las Vegas Summerlin Rotary Club. After you attend three events (breakfasts/evening socials, or a service/volunteer activity), our membership committee will contact you about joining our club.

Visit [www.rotarysummerlin.org](http://www.rotarysummerlin.org) for the membership application and information about our club's activities, projects, and events.

ANNIVERSARY

## community service

**W**e identify community needs, then apply our members' skills and diverse perspectives in arriving at creative solutions. Our members do brush clear-

ance, painting, disposal of trash, landscaping, and bring meals to seniors and home bound. This is just the tip of the iceberg. Other imaginative ideas for projects come from our members' passions and interests.

## international service

**W**e work to expand the club's global reaches through such programs as Rotaplast, ShelterBox and Super Build. We improve health and sanitation, bring clean water, assist when disasters hit, and provide housing.

A cornerstone of Rotary's mission is peace and conflict resolution. Establishing peace in one community can have a global effect. Rotary's Peace Scholarships prepare people to manage the many facets of the peace and conflict resolution process.

## new generations

**W**e serve the needs of at-risk children with literacy programs, clothing, school supplies, nutritious meals, holiday shopping, outdoor experiences, and meals in schools.

We develop emerging leaders. **Interact** provides pre-teens and teens with Rotary Youth Leadership Awards and Teen Leadership Camp. Both are weekend experiences where they learn leadership and collaboration skills. **Rotaract** is for college students and young adults and help them develop crucial life and career skills.

## vocational service

**W**e emphasize the importance of bringing business owners and professionals together to exchange ideas for improving their companies, by providing the latest government information, knowledge and skills. The bottom line is helping members to develop synergistic relation-

ships while improving their community and businesses. The club facilitates this through the professional business series; craft talks, where members provide a snapshot of themselves; and service projects, which hone their leadership skills.
