Inter-city meeting, noon, Wed. Aug. 2nd at the Beverly Hills Hotel, called by District Governor Otto Nelson! A grand opportunity to encounter first hand the broader aspects of Rotary objectives and Fellowship. The fine show of hands at last week's meeting indicates splendid Pasadena representation.

To simplify the transportation problem, we will all meet at the Masonic Temple at 11:00 A. M. sharp, and take only the number of cars necessary to accommodate the pilgrims. You will be returned to the Temple following the meeting.

Remember, if it is impossible to take advantage of this opportunity, attendance should be made up before Wednesday, August 9th.

ROTARY DAY at the Golden Gate Exposition and the special arrangements planned for that occasion, on August 18th, make it an ideal time to see the Fair as it should be seen.

AL FOORD, vagabonding to Oregon, **AARON MARCUS**, Santa Cruz, then San Francisco, then to the cabin at Silver Lake, **JOHN SEXON**, Colorado, Nebraska, Chicago, New York and Cape Cod, Mass., **LEE DABAREINER**, Lake Fancherie in No. Calif., **HARLAN LOUD**, Santa Barbara Fiesta, San Francisco Exposition and Lake Tahoe, **J. W. SMITH**, Prince Rupert and Jasper Park, Canada, **MIKE THOM**, Active Duty at Presidio of Monterey, **GOLDY GOLDTHWAITE**, Redondo Beach, **HANSEN WEBB**, Laguna and **LAY LEISHMAN** and **HERB HAHN** at Balboa, are only a few of the interesting and attractively diversified vacations planned for August.

Your SPOKES Committee Chairman, returning from vacation wondered briefly whether Lansing Rawson's responsibilities as a member of the Fellowship Committee, or Lansing's responsibilities as Editor of the two preceding issues of SPOKES, inspired his hale and hearty greeting, "Boy! Am I glad to see you back!"

Lofty but uniform and common objectives inspire and motivate Rotarians throughout the world and yet, so broad and enduring are their concepts that they bear well the multiplicity of interpretations obviously necessary to meet the desires and circumstances of each Club. How different may be each Club's activities, or even procedure, as we all have observed but how convincingly solid the common ground is upon which all Rotarians meet. Seemingly endless is the list of activities, seemingly limitless the opportunities to serve under the banner of Rotary and in harmony with Rotarian ideals. Inspiring is this thought, to the end that each of us as individuals should be ever alert to new ideas, new avenues of service, yet to be caught up in this growing surge of the spirit of service which is Rotary.

SPOKES felt the shadow of the "wooden-shoe" last week when someone asked, "Who copy reads it?" With deserved chagrin, correction is reiterated herewith: "The resolution presented at the District Assembly was to raise the per capita tax 50¢ to \$2.00, including registration fee, instead of to \$3.00 as previously suggested.

"I was tired of selling Peruna
To folks sick with Halitosis and Tumor,
So I stole away at the break of day
To a city they call Laguna.

"J.H." is at Hotel Laguna,
With easy-chair, pipe and Spituna
He is sold on the place, which is sure
no disgrace.
But he is not a real estate boomer.

The fishing is fine at Laguna,
You should see the Sand Dabs and Tuna,
That the Skip Jacks and Bass are
really some class
You will find is more than a rumor."
By - Hanson Webb

(Ye Ed thinks Hans Webb is a joker
That the real attraction is poker,
That the "fish" which he lands, will
come from pat hands
That he may come home wiser but broker).

All of the snooping Snipers of the SPOKES' staff failed to uncover the specific inspiration for PRESIDENT BERT'S press conference announcement last week of two new fines: "50¢ for snoring in meeting, and 25¢ for sleeping without snoring."

Here's something new. At the Cleveland Convention a new type of membership was decided upon called "Senior Member".

SENIOR MEMBERSHIP IN ROTARY

"Any Active member of a Rotary Club who now is and has been an active member of one or more Rotary Clubs for a total of twenty or more years, or who is of the age of sixty-five or more after having been an active member of one or more Rotary clubs for a total of five or more years, may, at his option, become a senior member of said club by notifying the secretary thereof in writing of his intention so to do."

This means that the Senior Member shall continue with all the responsibilities in the Club but he will not represent any business or professional classification. The former classification will be open to membership for someone else qualifying.

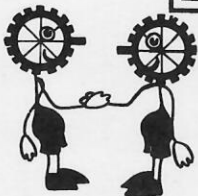

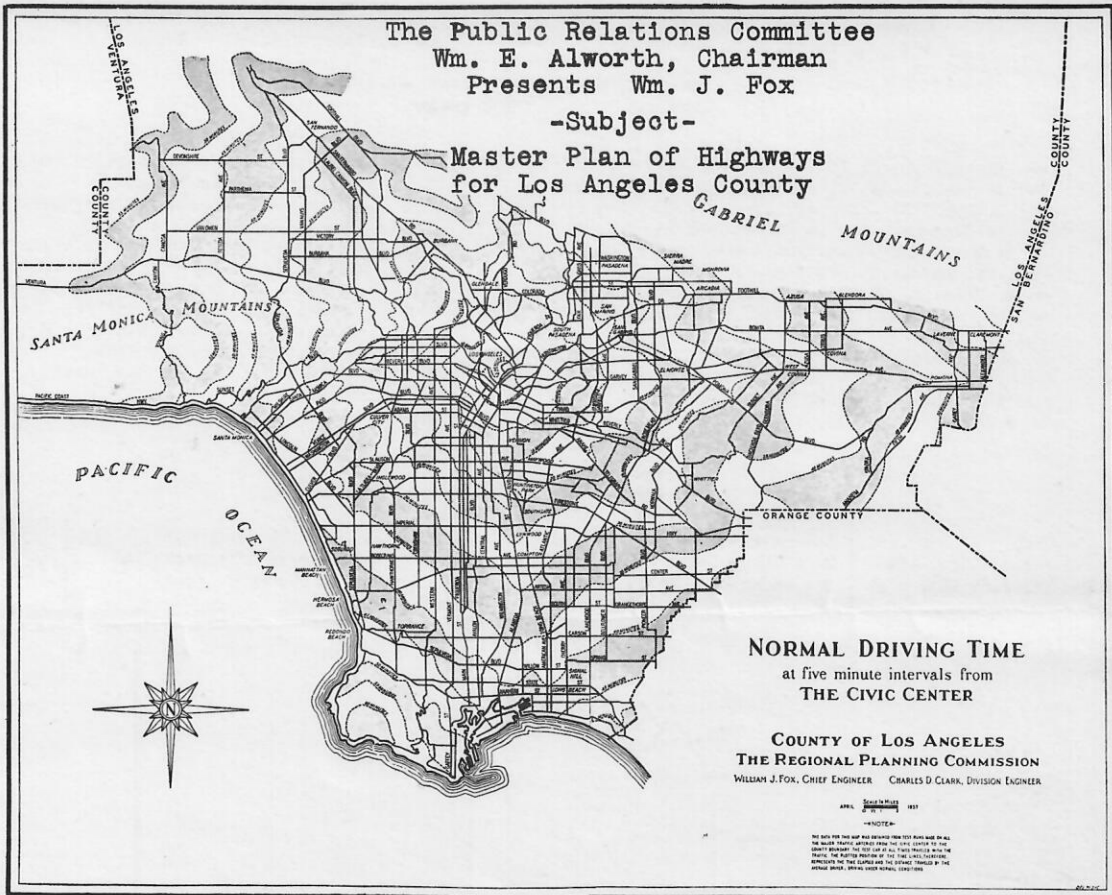

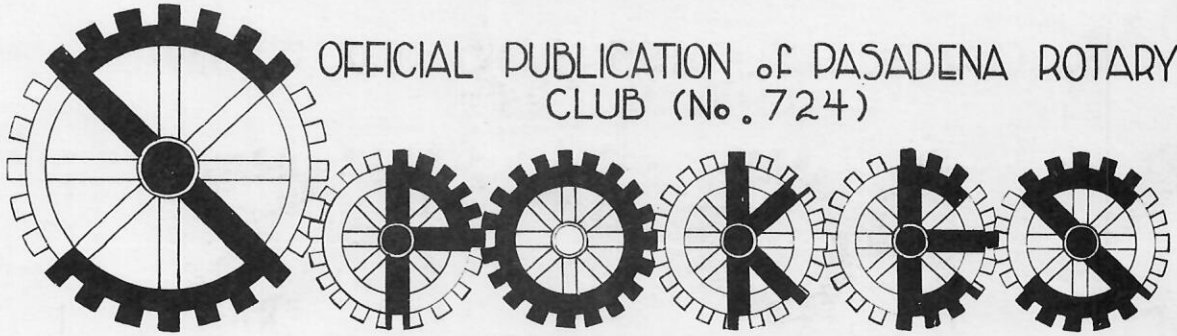

It is hardly thought that any members will avail themselves of this new membership as a member in Rotary usually has pride in his classification. It would be, however, an unselfish thing to do for the good of the Club, allowing a younger man to have the classification rather than to lose that younger man to membership in some other club. Of course, if the older member completely gave up his business or profession, he could still become a Past Service Member.

Next week Geo. Millikan will present Mr. Joe F. Eckerle, of the California and Hawaiian Sugar Corp. His subject "Hawaii and the Sugar Industry."

(1)-The development of acquaintance as an opportunity for service; (2)-High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society; (3)-The application of the ideal of service by every Rotarian to his personal, business and community life; (4)-The advancement of international understanding, good will and peace through a world of fellowship of business and professional men united in the ideal of service."

The four Objects of Rotary! How long has it been since you last read them all thru? Be honest. Aren't they refreshing? Aren't they vitalizing? Aren't they worth knowing more than just casually, or remembering more than just vaguely? While they're here at hand, read them again, - slowly, studiously, absorbingly, and each reading will some new thought reveal, or a broader view, a higher aim, a loftier ideal inspire.
