

District Governor Price Finley

Official Visit Options

For Price's Official Club Visits in Rotary year 2022-23, you can choose from three options described below (In some cases, Price would be able to work in multiple options – e.g., official visit AND service project). Regardless of the option you choose, before or after the official visit, Price is offering to participate in a "Club Workshop" with your club leadership, including key committee chairs, focused on an area of your choice – e.g., membership, foundation giving, public image, etc. Once the focus of the workshop is determined by the club, Price will assemble a district team to assist with the workshop. This is in lieu of attendance at a club's board meeting, as prior DGs have done.

Option #1

CLUB OR MULTI-CLUB VISIT

Price will visit your regularly scheduled Club meeting and give the keynote address. For clubs in the same demographic area, those official visits will be coordinated to be with all of the clubs in that area ("multi-club visit").

Option #2

SERVICE PROJECT

Price will participate in your club's Service Project, working alongside Rotarians to accomplish the goals of the project.

Prior to or after the project, Price will give a casual presentation to the members, followed by Q & A.

Option #3

SOCIAL EVENT

Price will attend your Club's Social Event. Please advertise to your members that the District Governor will be there.

At some point during the event, Price will give a casual presentation to the members, followed by Q & A.
