September Message from District 6920 Governor Heather

Greetings all D6920 Rotarians !!

Studies have shown that education and literacy promotes independent thinking, problem solving, and builds communication skills. IMAGINE the impact a literacy project could have in your community? The ancient Chinese philosopher, Confucius, said it best, "Education breeds confidence. Confidence breeds hope. Hope breeds peace."

Rotarians are changemakers. We CAN make a difference and change the course of a child's life. Ultimately, Rotarians can change the course of a community. When we give a child a chance to learn and grow, we give them hope for the future. Confident children become confident adults. Confident adults become wise and strong leaders. Those leaders build and strengthen families, communities, countries... the world. Can you see a path for peace in our future?

Imagine all the people livin' life in peace. You may say I'm a dreamer. But I'm not the only one. I hope someday you'll join us. And the world will be as one. –John Lennon.

IMAGINE what we can do TOGETHER - THIS Month!!!

Yours in Rotary,
