

Welcome to the Englewood Youth Foundation campgrounds. We are pleased to share our facility with organized, 501c3 youth groups. When using our facility please note any damages you see when you arrive and advise us. The facility should have been locked and in good shape with trash removed when you arrived.

**Arrival:**

- Campground use is by authorized permission only
- On the shed opposite the dock you will find a breaker box. Click on all breakers.
- Next in the storage area with the double doors you will find another breaker box to your right when you enter. Click on all the breakers.
- On the wall in front of you in the same area you will see a toggle switch. DO NOT TURN ON.
- This is not for the hot water heater.

**When you are ready to leave:**

- Flush all the toilets in the shower areas.
- Click off the breakers in the bathhouse and on the side of the shed opposite the dock.
- Lock up the bathhouse and gate when you leave.
- Take your trash with you.
- Please do not share lock combinations with any other groups. We provide this information when we provide authorization for use.
- Put the locks in the gates from the BOTTOM UP SO YOU CAN SEE THE COMBINATION NUMBERS.

**Contact Kathy Castellano 941-650-5085 with any emergency.**
