

# ROTARY CARES PROJECT

Helping our most cherished and vulnerable neighbors

In these unpredictable times, our hearts go out to help our neighbors in need, especially our homebound elderly, disabled, and veterans. The Rotary Club of Fort Lauderdale and local partners are collecting food and comfort items for personalized family care packages. These parcels provide minimal necessities for a dignified, safe and healthy life to needy households in Fort Lauderdale. While we remain under a mandatory Sheltering in Place order, please stay involved from the safety of your home and:
