### Applicant's 2024 checklist for personal use to double-check the **MINIMUM REQUIRED DOCUMENTS FOR CONSIDERATION.**

(This checklist is *not* a substitute for compliance with the Scholarship Application Instructions.)

#### Have you included:

\_\_\_\_\_ Master Application, completed and signed by student, parent, guidance department

\_\_\_\_\_ Scholarship Application Instructions, completed and signed by student and parent

\_\_\_\_\_ Letters of Recommendation as required by the scholarships for which you are applying

\_\_\_\_\_ Official High School Transcript

\_\_\_\_\_ Essays as required by the scholarships for which you are applying

\_\_\_\_\_ Copy of the FAFSA application as filed and a copy of the complete (multi-page) Student Aid Report including the Expected Family Contribution

\_\_\_\_\_ Copy of the Financial Aid Letter from the school you plan to attend (If you are still choosing between two schools, submit the Financial Aid Letter from each school.)

\_\_\_\_\_ Submit a copy of the 2022 federal tax return, including all schedules, for the student and all family wage earners (show the last four SS# digits). (Note to applicants, tax forms require schedules for various things such as when a parent/guardian is self-employed, if income is earned through rental properties, if there are high deductions, possibly for medical). Make sure that your parent/guardian gives you the complete tax return filed with the IRS.)

Applications that are missing any information on this sheet will likely be excluded from consideration.
