## January Message from DG Rene'

When we added the environment as a new Area of Focus

in 2020, Rotary International and District 7610 committed to support activities that strengthen the conservation and protection of natural resources, advance ecological sustainability, and foster harmony between communities and the environment.

Rotary began empowering communities to access grants and other resources, embracing local solutions, and spurring innovation in an effort to address the causes and reduce the effects of climate change and environmental degradation.

Rotary members began tackling environmental issues the way they always do: by coming up with projects, using their connections to change policy and planning for the future.

As Rotary engages in projects that protect and restore land, coastal, marine, and freshwater resources, enhance the capacity of communities to support natural resource management and conservation, support sustainable agriculture, fishing, and aquaculture practices, strengthen ecosystems and communities affected by climate change, supporting education initiatives that promote behavior that protects the environment, and advocating for sustainable consumption to build economies that uses resources more efficiently.

More than \$18 million in Foundation global grant funding has been allocated to environment-related projects over the past five years. Creating a distinct area of focus to support the environment gives Rotary members even more ways to bring about positive change in the world and increase our impact. The Environmental Sustainability Rotary Action Group (ESRAG) was formed in 2015 and is carrying out ambitious plans to make a real difference in creating a world for future generations where our environment thrives. Are you planning to attend the district Peacebuilding conference?

Absolutely! I attended last year and learned so much about Positive Peace and Peacebuilding.

I would love to go to President McInallay's conference in London, but my schedule doesn't permit. So, this is perfect!

## Topics:

- The Rotary/IEP Connection for Positive Peace
- Pillar Connections
- Rotary as a Thread in the Social Fabric
- Peacebuilding and the Four-way Test

Featuring in-person : The Rotary Foundation Trustee Marty Helman and, Julie Rouge, Dean , School of Security & Global Studies, American Public University Systems

Welcome to 2024! I wanted to start out the new year with some words from our Rotary Foundation Trustee, Barry Rassin. He challenged Rotarians to a common New Year's Resolution, "Remember that The Rotary Foundation belongs to you. The Foundation is a global force, doing our good work in the world. Just like anything that belongs to

you, it requires care and attention." He used his New Year's message to remind us that The Rotary Foundation received a four-star rating in 2023 for the 15<sup>th</sup> consecutive year, which ensures us that we can trust the foundation to use our Annual Fund donations wisely with a full 91% of funds allocated to program awards and operations. ***Your gift will make a difference.***

He also encouraged our engagement with the following:

- ✓ Support the Foundation through a gift, every year – this will help us to reach the \$500 million fund-raising goal.
- ✓ Make your first donations to TRF if you have not done so in the past.
- ✓ Share TRF with others – let the public know that The Rotary Foundation plays a significant role in everything we do, and people do not have to be Rotarians to donate and support.
- ✓ Take Action! Seek out global and/or district grants, team up with your Rotaract clubs and make use of the resources provided through donations to TRF.

Last month, I challenged each club in the district to set their annual goals in Rotary Central and to discuss within your club the importance of donating to the Annual Fund. Below is a chart indicating where we are as a district. Please note that if every member in the district donated just \$20 per month or \$240 per year, the district would contribute approximately \$450,000. This recurring donation can be easily established in My Rotary – if you want assistance with goals or establishing this recurring donation email me at [cmaea2000@gmail.com](mailto:cmaea2000@gmail.com). Together we can achieve our goals and support the good work of our TRF.

TRF transforms your gifts into service projects that change lives both close to home and around the world. Call the Rotary Support Center at 866-976-8279 to start your recurring monthly gift through Rotary Direct.

I hope you all had a very Happy Holiday Season and will enjoy a Happy and Healthy New Year.

As we start the new calendar year, I hope you will consider becoming a Paul Harris Society member this year. You have until June 30, 2024 to have your donation counted for the Rotary fiscal year of 2023-2024. The donations received from the PHS members are an important part of The Rotary Foundation’s fund-raising. Without these donations, The Rotary Foundation would not be able to fund the life changing grants that it implements every year. New Paul Harris Society members are presented with a certificate and a chevron in recognition of their commitment.

Please complete the form on the following page, or you can go to the online sign-up form at [rotary.org/phs](http://rotary.org/phs) and chose join.

I would be happy to attend your club meeting to speak to your club about the Paul Harris Society. Please contact me at 301-518-7033 or [rmccpa97@aol.com](mailto:rmccpa97@aol.com)

I am very pleased to announce that Jamie Larounis from the Rotary Club of Stafford is the newest Paul Harris Society member. He was presented with his recognition materials at his club meeting. Also present at that meeting were PDG Janet Brown and PDG .Sandy Duckworth.

# Your Report from the PolioPlus Corner

By PDG Chuck Davidson

**GPEI Polio Eradication Plan.** Almost two years ago, the Global Polio Eradication Initiative (GPEI) published a 5-year plan to eliminate both wild and vaccine-derived polio cases worldwide by the end of calendar year 2023. This would allow polio to be formally declared as eradicated in calendar year 2026, after the customary 3-year certification waiting period to assure that it had not re-emerged.

In September 2023, an Independent Monitoring Board (IMB) composed of a panel of worldwide health experts conducted a totally independent midterm review of the GPEI plan and cautioned that this goal was unlikely to be met, despite the fact that most indicators were moving in a positive direction. Specifically, it concluded that the goal of eliminating all wild polio cases by end of 2023 was “off track” and likely would be missed, and that the parallel goal of eliminating all vaccine-derived cases also by end of 2023 would definitely be missed. Reasons given were complex but centered on difficulty of accessing children to vaccinate them, and on lack of sufficient funds and quantities of the new mutation-resistant oral polio vaccine.

Calendar year 2024 has arrived and the IMB’s conclusions have both been realized. Both goals have been missed. So what’s the new plan?

In mid-October 2023, GPEI issued tentative revisions to its 5-year plan, based on the IMB review. My summary of these revisions is as follows:

Goal One (Wild Polio Cases): Extend the elimination goal for wild polio by one year (end of 2023 to end of 2024) and shorten the traditional 3-year certification waiting period by one year from 2024-2026 to 2025-2026.

Goal Two (Vaccine-Derived Cases): Extend the elimination goal for vaccine-derived polio by two years (end of 2023 to end of 2025) and then determine what certification waiting period is appropriate.

All of this serves to remind us of the difficulties faced in achieving Rotary’s number one humanitarian goal. And of the fact that this goal includes both end points, and timelines to achieve those end points. In this case, the basic end points remain unchanged—only the timelines to achieve them have changed.

Reminder: Health authorities universally use the calendar year, not the Rotary year, in reporting all of their efforts.

Calendar Year	2020	2021	2022	2023 YTD*
Wild Polio Cases	140	6	30	12
Vaccine Derived	1,117	701	874	430

\*As of December 27, 2023 (WP: 6–Afghanistan; 6–Pakistan)

**World Polio Day Participation.** October 24 was (and always is) World Polio Day. Over 4,200 clubs participated in 2023’s World Polio Day, organizing over 6,300 actions in 115 countries. Well done!
