

Dear Rotarian friends,

As I wrote to you earlier, this year my club RC Beograd Cukarica has prepared applications for 4 Global Grant projects.

Now I am very happy to inform you that we managed to close the budget for

**-GG2343865-Hearts of Europe-Empowering Women Entrepreneurship (\$86,250 - equipment for 16 female Entrepreneurs) and**

**-GG2343274-Hearts of Europe-Years of Ascent; we closed the budget of \$82,800 (equipment for 25 kindergartens in Serbia).**

We are going to submit the applications for these two Global Grants in the next few days and hope to have approvals in the beginning of April.

The other two Global Grant proposals still need fundraising.

The latest status of these Global Grants you can see on the following links:

These projects are very important for our elementary schools because we are planning to provide digital tools for our pupils and teachers for teaching programming languages Scratch and Python in IT classes.

We would be grateful if you could support one or both Global Grant proposals (for drones and mBot robots) **with some amount from your DDF** and cash from your clubs. It would enable us to close the budgets very soon and submit the applications in April 2023.

Looking forward to your response and good news

Best Rotarian regards,

PDG Vlada and PDG Hamsa
