Rotary  
District 6920

Dear Rotarian friends,

District 6920 Georgia/USA and District 2483 Serbia and Montenegro started a very successful cooperation in Global Grant projects.

In the last Rotary year we had partnership as host and international clubs from our two Districts in the following GG projects:

- Global Grant 2119523 "Hearts of Europe"-500 mBot robots for elementary schools
- Global Grant 2239142 "Empowering Women Entrepreneurship"
- Global Grant 2236795 "Years of Ascent"-mobile furniture and ICT equipment for kindergartens
- Global Grant 2234563 "Hearts of Europe" new donation of 500 mBot robots to elementary schools in Serbia.

Through the cooperation in these Global Grants we developed a very good friendship, especially during the two visits of U.S. Rotarians to Serbia in May and September and the visit of Serbian Rotarians to Georgia in August.

When Rotarians from Georgia visited Serbia on two occasions in the last few months they saw a huge benefit of our joint projects for children and people in Serbia. This is one of the main reasons why we decided to continue cooperation in new Global Grants:

1. GG 2343279-Five hundred more Mbot robots for elementary schools for teaching program languages Scratch and Python
2. GG 2443274 "Years of Ascent"-mobile furniture and ICT equipment for 24 more kindergartens
3. GG 2345865 "Empowering Women Entrepreneurship"-equipment for more women entrepreneurs.

In the attachment you can find the leaflet about Global Grant proposals for these three Global Grants.

We would be very grateful **if you could support some or all our three Global Grant proposals from your DDF** and with the cash contribution from some of your clubs.

Looking forward to your response,

Best Rotarian regards,

Project Coordinator from D2483  
D6920
