

Ugandan Global Grant Seeking Additional Funding

We have been reaching out to very many Rotary Clubs and have done very good progress but now we are finding it challenging to find and connect with more clubs, and therefore we are sending this email to you. We are seeking Clubs, which are interested in this kind of project and may still have some funds available at this time. We appreciated the support of several clubs in your District and D7620 DDF for our last GG in Uganda several years ago.

Here is a brief summary of the project and a link to the actual GG draft document: The GG# 2344843 will improve a school, and the surrounding community, in Butiiti, Uganda, 260 km west of Kampala. The school has 518 pupils, serves 1000 households, and is currently in very poor condition. This \$210,000 US Global Grant will repair school buildings, build flush toilets and showers, supply two rainwater holding tanks, construct a solar-powered pump and borehole, supply laptops, train teachers, provide vocational training, a garden, and provide health and sanitation education.

Through the link below you can access a short project summary and a copy of the GG application.

I would be happy to answer questions and/or make a presentation as required. Both the host club (E Uganda Global) and ourselves (Oakville Trafalgar the international sponsor) are very experienced in conducting Global Grants. Oakville Trafalgar previously conducted a similar project for a Ugandan school with amazing results.

We currently have 33 Rotary Clubs (9 located in Uganda) and 5 Districts contributing funds to this new, great project. We have raised \$174,215 out of the needed \$210,000.

However, this is a large grant and the Rotary Foundation has reduced its matching funds. We'd love to secure the funding soon and any leads and guidance you could give would be much appreciated. We look forward to your reply.

Yours in Rotary Service,

Claire Conway
