Attendance

Rotary International encourages but no longer requires 50% attendance at club meetings. participation in committee meetings, service projects and makeup meetings with other clubs or online are credited towards your attendance, so you have ample opportunity to meet that goal. Many Rotarians strive for 100% attendance and with the ability to earn makeup meetings, this is very attainable

New Member Process

To apply for membership you should attend 2 meetings or service projects and submit this application along with the \$25 application fee.

The application will be reviewed by the membership committee and the Board of Directors, and once approved, you will be invited to join.
