A Note about Gifted Funds

Other groups and individuals often ask the Silverdale Rotary to be the stewards of funds donated for scholarships. Occasionally, those donating funds have an area of focus they would like to see their scholarship funds directed towards.

Please take a moment to see if either of these additional funds would benefit your academic intentions. If so, please adjust your personal statement to reflect how these would apply to you. Any funds awarded from these community groups or individuals have the potential to be in addition to the funds provided by the Silverdale Rotary. If these do not apply to you, please continue with the application for Silverdale Rotary Scholarship funds as these funds only reflect a small portion of total funds available and there are not limitations on areas of study for scholarships received with Rotary Scholarship funds.

The Hometown Band, a local community concert

The scholarships are designated for graduating high school students who played in band (wind instruments or percussion) in high school, and who are planning to continue playing in their post-high school lives. Majoring in music in college is not mandatory. The Hometown Band would like to send a representative to attend the high school scholarship award ceremony for the high schools where recipients are honored. Recipients will be asked to attend several Tuesday evening rehearsals with The Hometown Band with the hopes of having the students perform for at least one of the band's spring concerts.

Scholarship on behalf of Robert Arper, a STEM focused scholarship

This scholarship is donated in memory of Robert "Bob" Arper, a founding member of the Silverdale Rotary Club, a pioneer Silverdale businessperson, and an active community supporter of Silverdale in its early years. A scholarship is offered annually in his name to further interest and promotion of Science, Technology, Engineering, and Math focused studies. Interested students should include in their personal statement their interest in pursuing further education in one of these focuses.
