MEETINGS DURING THE MONTH

CLASSIFICATION TALK - ALI BUKAIR

STUART KUNOLD IS LOOKING FOR A JOB!

Ali gave a wonderful classification talk about his life & work

Our Greeter, Stuart is looking for his 1st job! He takes pride in his work & enjoys interacting with others. Stuart's teachers & supervisors at the Issaquah Rotary Club have noted that he is task oriented & reliable. Stuart has previous experience working in customer service through internships & paid employment. His dream job is to work in a friendly environment where he can contribute to the overall success of the team. He is looking for a part-time job on the Eastside. **Please keep an ear open for anything that may help Stuart**

Tracy Rubstello from **The Bridge Receiving Center**, a healing start for children entering foster care. A child's first encounter with the foster care system is too often traumatic and confusing. They step in to change this by building a welcoming place where kids can feel safe and have access to the services they need. Learn more [HERE](#)

Geocaching in Nepal a friendly man helped Dano find the cache on his hotel property. Dano noticed the sticker on his car. The hotel owner is a past president of Polhara Rotary Club of Nepal.

KayLee Jaech & Lisa Haynes gave an update on The Teen Garage. The Garage is a non-profit drop-in space exclusively for high school teens. They are a safe space for teens to come hang out with friends, grab a coffee and a snack, play a game, play music, watch TV, talk over homework, meet with a counselor, and much more! You can learn more about The Teen Garage [HERE](#)

Meet the FUTURE LEADERS! Student of the month honored those with exceptional leadership skills. Congrats to all!
