Rotarians doing what they do best... Volunteering!

Thank you to the 24 Rotarians who participated in this years 4th of July Parade! It was the 1st time the parade has been held in 3 years and it was a smashing success. Over 200 students walked, but students weren't the only ones... There were dogs, chickens and even a cat!

MEET OUR NEW PRESIDENT - MIKE NURSE

While Mike's classification is CPA, he is much, much for than that!

Fun facts about Mike:

- Joined Issaquah Rotary in 2019
- Summited Kilimanjaro in 2017 (19,341 Feet)
- Radio producer in Nome, Alaska for 4 years (1999 – 2003)
- Served coffee to Hillary Clinton as a Food Service Director at Wellesley College
- Rollercoaster fanatic for over 40 years
- Loves international travel – memorable destination: Sitting on the ghats, gazing upon the Ganges, and relishing in the incredible energy in Varanasi, India
- Jumped out of a plane at 13,000 feet (with a parachute)

BRAVER ANGELS

Joe Pratt & Mary Beth Stibbins of **Braver Angels** were our guest speakers. They are working in our local communities by holding workshops, debates and public presentations designed to bridge the polarizing political divide we experience in our country. These events allow conservatives and liberals to get past the destructive stereotypes so we can have civil conversations about real issues that lead to productive problem-solving. To get involved, check out their website [HERE](#)

GUEST SPEAKERS

Dan Hintz, Restoration Projects Manager for the Mountains to Sound Greenway Trust @ the July 19th kickoff of the **New Environmental Committee!** Dan gave a wonderful overview of the 15 years of restoration efforts to improve salmon habitat within Lake Sammamish State Park.

CLASSIFICATION / NEW MEMBER / STUDENT OF THE MONTH

DIAPER DERBY

Our pony, Big Wheel Hoppin' Pony finished 6th overall out of 18! We donated a total of 4,944 diapers! Great job Issy Rotary!

UPDATE

Dave Halling gave an update on the Rotary International Conference he attended in Houston

CLASSIFICATION TALK

Katie Ginn gave her classification talk 2.0. We found out that she comes from a long line of Rotarians!
