

FIND YOUR OPPORTUNITY TO CREATE MEANINGFUL CHANGE

The Rotary Club of Redmond is a group of business and community leaders who share a common goal: to make a difference through service. We welcome civic-minded people of all cultures, professions, and ages.

Since 1971, we've come together for fellowship, learning, networking, and fundraising to benefit local and international causes. Our club provides an opportunity to grow personally and professionally—through mentorship, skill building, service projects, networking, and more.

Rotarians all over the world have a vision of what's possible. Our programs, projects, and activities help us learn about the issues that face our communities. We take action and have had an immeasurable positive impact on the lives of people everywhere. With Rotary, you'll find countless opportunities to create meaningful change in your community and around the world.

We started hosting charity bike events more than 30 years ago—in 1987, starting with RedSpoke.

Over the years, we've raised well over \$1 million for the Rotary Foundation in order to benefit local and international charities. We now host StinkySpoke.

Being a part of Rotary means you are a part of something bigger! Join us and just imagine what we can do together!
