

Club Reviews Achievements during 2022-23 and Inducts 2023-24 Executive and Officers

Story and Video Production by Ed Kolybaba on Jun 20, 2023

The members of the Kelowna Sunrise Rotary Club celebrated the success of the 2022-23 Rotary Year and ushered in the in-coming 2023-24 president, her executive and her officers during the club's Annual 36th Installation dinner and program held at Sunset Ranch Golf Course on Thursday, June 15th. Out-going president, Randall Bamford, served as the evening's Master of Ceremonies.

Randall Bamford, 2022-23 President, reviewed the club's achievements, awarded individual club Rotarians for their outstanding contributions to the club, and expressed appreciation to the members of the club for their diligent commitment to the service provided by the club during the 2022-23 Rotary Year.

The program featured a five minute video production which celebrated the surpassing of The Rotary Foundation (TRF) goals set by the club back in July of 2022 and which gave recognition to many club Rotarians who had achieved special TRF status through their financial contributions.

The highlight of the evening was the Oath of Allegiance taken by in-coming president Colleen McEwan, the other executive members and the officers of the 2023-24 club leadership team. This was capped with an inspiring presentation by McEwan whereby she expressed her appreciation to the club members for their support of her nomination, the reasons for her acceptance of the position of president and the vision and goals she will focus on for the club during the new Rotary Year.

Check out the following stories to learn more about the club's celebrations and the installation during the June 15th event.
