OUR VISION:

The Rotary District 5080 Innovator's Academy will comprise an elite group of leaders throughout District 5080. The program specializes in leadership, professional achievement, and personal growth. The annual team will be small but mighty, which allows us to provide individualized attention to develop the whole participant by focusing on leadership development and innovative thought.

OBJECTIVE:

This limited and specially selected team of individuals will have the opportunity to work together throughout the Rotary year. They sharpen their leadership and interpersonal skills, make connections, build friendships, and change the world.

The team will come together for a weekend retreat focused on leadership and team development. The curriculum includes Leadership Styles, Managing Team Members, Conflict Resolution, Dealing with Change, Problem-Solving, Leading Innovation, Virtual Leadership, Project Planning and Delegating, and Building Trust and Respect.

The team will leave the retreat with a Capstone Project Plan. This project can be anything the group decides is needed and sustainable at home or internationally. They will work together to complete the project over the following 12 months with support and assistance from District 5080's Governor Team and administration. The Class of 2022 will blaze the trail and undoubtedly set the bar high!
