Object: making a shelter for refugees in Cherkasy, Ukraine

Dear Rotarian friends,

Since the first days of Russia's military aggression against Ukraine, the city of Cherkasy has been home to more than 60,000 civilians who suffered from the hostilities and were forced to leave their hometowns and homes in search of a shelter.

In general, between 100 and 300 displaced people continue to arrive daily in the town of Cherkasy. Therefore, the question of the appropriate arrangement of the living quarters of the victims is extremely important.

In this regard, the Cherkasy City Council transferred to the operational management of the Social Policy Department of the Cherkasy City Council a non-residential building (the address 148 Blagovisna Street, Cherkasy) in order to organize the conditions for temporary stay displaced people who arrived in Cherkasy.

Our Club, RC "Cherkasy International", is working on the development of the refuge in this building. We are doing basic renovations, we have already purchased 300 beds and arranged other basic conditions. This shelter is for families, currently living in school sports halls, and it is necessary to move in before September 2022.

We therefore ask you to help us arrange the premises as follows:

#1, Renovation works

#2, Sleeping

100 bunk beds,
500 mattresses
500 pillows,
500 blankets,
500 bedding sets,

#3, furniture

10 kitchen tables,
50 dining tables,
200 chairs,

#4, household appliances

5 washing machines,
20 refrigerators,
