

ГРОМАДСЬКА ОРГАНІЗАЦІЯ “РОТАРІ КЛУБ “ХАРКІВ-СІТІ”

District 2232

пр. Незалежності, 2, Харків 61058, Україна

№ б/н від 31 липня 2022 року

For five months now, Ukraine has been heroically resisting military aggression by the Russian Federation. Every day, the hero city of Kharkiv, other cities and villages of the Kharkiv region suffer from the attacks of the enemy forces, part of the territory of the region is under Russian occupation. That is why most of the region is due to the above reasons, the number of mines in the region is increasing exponentially every day.

Rotary Club «Kharkiv-City» is constantly support and help Kharkiv sappers and state emergency service officers. From our own experience we know how terrible mines could be and how much damage they might cause in the long term. Our president and club members have already visited professional demining courses organized by Ministry of Emergency Situations. Therefore, our Club is launching a demining program which main goals are:

- Purchase of professional demining equipment
- Supplying Kharkiv sappers and the state emergency service officers with personal protective equipment
- Increasing the level of awareness of the problem by conducting specialized courses among all segments of population

Above are mentioned three main goals, however, there are much more of them.

Estimated budget – 115 000 USD

Our club is looking forward to receiving your support.

The responsible person: Club president Igor Balaka

Contacts: tel - +38 (067) 577-18-14; email - rotary.club.kharkiv.city@gmail.com.

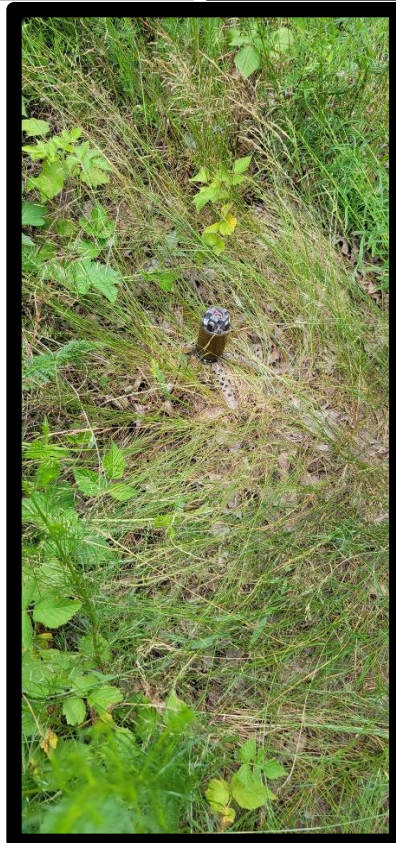

Respectfully yours,

President of

Rotary Club «Kharkiv-City»

Igor Balaka

This is our president who is taking part in the mentioned demining courses
