Since the beginning of the full-scale invasion, our city has welcomed 181,624 forcibly displaced people. 48,597 of them are children. About 85,000 displaced people are staying in our city. They desperately need housing.

Our Zaporizhzhia-Khortytsia Rotary Club has drawn up the project Residential Block for Displaced People. These are 5 modular, mobile, separate containers equipped with electric heating, a bathroom, an air conditioner, a water-heater- everything necessary for living. The containers are insulated with 15 cm-mineral wool. They have got 0.44 mm profiled sheeting outside. There are double -glazing windows installed; inside it is sheathed with white beech laminated chipboard.

One container with a WC- and -bathroom unit has 3 separate entrances:

- 1) 2 toilets, 2 sinks. 10m<sup>2</sup>;
- 2) 2 showers, 2 water -heaters, a washing machine. 9m<sup>2</sup>;
- 3) two living spaces of 7m<sup>2</sup>. Each room has one window.

The other four containers have:

- 1) an entryway 3m<sup>2</sup>;
- 2) a hallway with tiled heated floor 4m<sup>2</sup>;
- 3) a living space for eight beds, four bunk beds; there is a place for a kitchen and a refrigerator.

This mobile home can be placed in any part of Ukraine where there are public utilities. The total number of people who can live there is 34 people. It is suitable for people who were forced to leave their home or lost it. There is an agreement with the local authorities on the allocation of land and the connection of the mobile houses to public utilities.

Price of 1 container: UAH 725,000.00
