

## QUESTIONS AND ANSWERS

### RFP FOR CONSTRUCTION OF PHASE 1 OF THE NAKUSP NATURAL ADVENTURE PARK

Q: When is the deadline for questions and clarifications?

A: We have not published an official deadline for questions and clarifications, but if you could get them to us at least a week before the response due date (i.e. by June 23), that would be ideal.

Q: Is there an IFC (issued for construction) drawing?

A: The only drawings available are those provided on the Rotary website.

Q: Can a CAD file of the site plan (or at least the proposed playground area) be made available to the proponents?

A: This has been requested from Bienenstock Consulting

Q: Should we be including the supply and installation of the specialty perimeter items, such as the log tunnel and carved couch and love seat logs?

A: No, the Rotary Club of Nakusp will be responsible for these.
