

Irving M. Field Grand Project for Community Enhancement

Dear Applicant:

The Rotary Club of Pullman is pleased to announce the 2024 Irving M. Field Grand Project for Community Enhancement. This opportunity is for funding projects or services that improve the Pullman Community. The "Grand" in the title reflects back to 1979 when the concept was initiated by then Rotary President Irv Field with calls for projects costing up to \$1,000, or "a grand". Now up to \$1,500, the only criteria for submission is that the proposed project(s) help improve the local or broader community of Pullman in some way.

The Rotary Club of Pullman has funded over 50 projects under this program since 1979, with some years awarding multiple projects. Enclosed is a list of awards in the last 25 years.

Applications may come from the community at large such as, charitable organizations, schools, city government, individuals or Rotary Club Members. Proposals may be submitted for projects needing up to \$1,500. Download this application form and choose *save* to make it a file that you may edit on your computer.

You may submit your application digitally (a pdf please) to RotaryPullman@gmail.com, or hard copy to Irv Field Grand Project - Pullman Rotary, P.O. Box 335, Pullman, WA 99163.

The deadline for applications must be post marked or email received in our inbox on or before Friday March 29, 2024. The applications will be reviewed and the grant awarded in late April, or early May.

In addition, some projects submitted to the local Rotary Club may be further considered for a District Grant- Local Project through Rotary District 5080; many conditions apply. Meritorious projects submitted for Rotary District grant consideration can potentially be matched dollar for dollar (e.g. \$5,000 local dollars matched for a potential \$10,000 project).
