7.15.2020

Inspiration – Bob - Assistance to find a President Elect! Shared something from PETS. Younger and Older people thrive when they work together, something Rotarians know a lot about.

Cyra shared a bit about the non-profit for which she works - Airway Science for Kids. She will be giving a presentation on her organization in August.

Bob – reminded the group that he is still looking for a President Elect

Margie – material for the NK Scholarship is at the printers.

Bob and Margie reviewed membership fees. Margie to get dues information to Becky about Honorary Membership.

Margie – we have not yet received a report on dues for 20/21.

Tom – asked for help on the need for a budget for the Foundation. Waiting on Mark to produce. Margie and Mark will need to meet after August 1 to get checks for scholarship winners.

Byron – reminded group of the need to come up with a fundraiser.

Program – Lisa tried to share a video on the topic of racism. Unable to hear. Members stepped up to share experiences and thoughts. Becky – mother of 7 children and grandchildren of various races. They are proud individuals. They don't all agree, but they still can have discussions on topics of racism. Becky inspired us to think about "What Can I do".

Tom – reminded us that we used to have Programs in February for Black History month. He suggested inviting Matt Barnett to come back for sharing stories of his growing up in Vancouver, WA.

Meeting adjourned at 12:50 p.m.
