

LO Interact and The Easter Egg Hop

Report of 4.20.2019 Service Project by Ted Ricks

This is the 3rd service project for the LO Interact Club in the 2018-2019 calendar year after the Christmas Baskets and Tech Team.

It began as an overcast day at the Lake Oswego Hunt Club where the Chamber of Commerce and Hope Community Church celebrated its 9^h Annual Easter Egg Hunt Saturday, April 20th.... one day before Easter.

The Hunt Club had again generously donated their acreage to this fun-filled activity along with pony rides, door prizes, and a roving Easter Bunny. 3 Interact members turned up today after the club packed a bag of plastic eggs with candy inside and 20 special golden eggs with gift numbers: from left to right: Ainsley Williams, Pauline Petersen, Abby Barker, with Peggy Dickerson, the co-chairperson for the Hope Community Church.

Our intrepid LO Interact members had to distribute 15,000 eggs over two acres of the Hunt Club, acres marked off in four separate age group sections – “so the 8-year olds didn’t step on a 3-year-old. “et cetera.

Ainsley Williams and Abby Barker showed us the different styles of “laying eggs” for the “Hunt”. While all three members stayed out of the way while the wild rush was underway, and all the eggs were cleared in 4 seconds in each of the five marked off areas.

At the end of the wild hunt, Abby, Pauline, and Ainsley helped with the recycling of plastic eggs for next year...and all posed with the Easter Bunny...what a great day and fun service to make Lake Oswego children happy
