

Lake Oswego Interact Club at Lobsterfeed 2016

Activity Report of 6/18/2016 by Ted Ricks

This was our second Lobsterfeed community service and fund raising event. Last year, we raised \$300 with 8 LO Interactors serving tables for LO Rotary's biggest fund raiser of the year.

This year, we had 5 LO Interactors to do the job. Lakewood had recruited 20 Moms and Sons from that organization and so we actually had more waiters and maître d's than we needed.

From LO Interact, Samantha Hoevet, Joel Saarinen, Karthik Sdreehar, Bailey Buchanan, and Savannah Grosse were waiters while I helped Skip with the maître d's...it was as crazy and exciting as usual...and in the end very successful.

Things started slowly from 4:00 to 5:00 while the waiters were getting trained and donors began to search out their tables, then as 6:00 came, so did the craziness – not enough cole slaw, more bread and butter patties, cups of water (we did away with water pitchers this year), and no lobster bibs at the premium tables (had to take them out of the paper napkins) ...and bottles of free wine to serve while looking out for the food service...more hot butter, corn, lobsters, and steaks. It was exhausting right to the end with stacking chairs and rolling the tables away...all's well that ends well.
