Powder River Correctional Facility

Are you planning a prison break?

Sir,

I work for Blue Mountain Community College

I'm preparing a Rotary Moment talk

No cuffs for me, or Chancy

- I am not in prison
- Chancy has not gone back to prison

He is employed, doing well, has not yet started his business

We continue to work with DOC, now discussing statewide program

9000 SW Washington Square Rd, Tigard

Please join us for a free fundraising breakfast or lunch benefiting Willamette West Habitat for Humanity. Meet our families and hear their inspiring stories. Learn how Habitat provides not charity but opportunity to worthy families shackled by poverty—and how you can support our mission!

Last year we raised a record-breaking \$173,000! Right now we have 14 families earning sweat equity, waiting to purchase their homes. We need your help to raise \$200,000 on May 9th to make their dreams reality.

Lake Oswego Rotary
c/o Mr. Alan Bazzaz
2670 Lexington Terrace
West Linn, OR 97068-2270

Dear Mr. Bazzaz and Members of the Lake Oswego Rotary:

The Iraqi Children Foundation (formerly the Sponsor Iraqi Children Foundation) is pleased to report that your generous 2013 donation of \$23,019.25 fully funded 3 months of services at a safe haven in Baghdad for very vulnerable Iraqi orphans and street children.

The 2013 budget for this special center was approximately \$86,400 or \$21,600 per quarter with adjustments, especially for the cost of nutrition. The Lake Oswego Rotary donation was applied to the September-November quarter. Other quarters during the year were funded by the ICF Board members donations, a 5K fundraiser, and other major fundraisers.

Expenses for each quarter include salaries for a teacher and two social workers, nutrition (about \$55 per month per child), rent for the Center, classroom and recreation supplies, a driver and his bus, a cook and guard, a generator and Center maintenance. The manager is currently working without pay.

We are happy to report that this is what the Center was able to accomplish for these Iraqi orphans and street children in one year:

- * 120 children (regular and part time) attended the Center, with 55-60 attending daily on average
- * 30,960 est. healthy meals were served to address malnutrition in many of the kids
- * 62 children received medical care for skin disease, diarrhea, dental issues, typhoid, etc.
- * 31 children stopped working because of the Center's intervention. Others cut work by est. 60%
- * 17 children enrolled in regular public school because the Center worked with their families
- * 2 girls (12 and 13) were saved from early marriage through intervention by Center staff
- * 15 children received legal help in family court from lawyers working with the Center
- * 18 cases resulted in a decline in family violence after Center staff intervened with mediation

Center staff also provided extra care to children suffering from psychological problems due to serious trauma from sexual abuse, extreme violence, witnessing the murder of family members, disorder in sexual behavior, and being treated in a humiliating way for a long period.

There are occasional variations in the Center's budget because of the cost of food, security concerns that require fewer visits to homes or even on rare occasion the closing of the Center, and other factors.

Lake Oswego Rotary Brings Joy and Hope to Children in Iraq!

You were a part of our team that achieved these results in our second year....

- * **120 children (regular and part-time) attended the Center, with 55-60 attending daily on average.**
- * **30,960 est. healthy meals were served to address malnutrition in many of the kids**
- * **63 children received medical care for skin disease, diarrhea, dental issues, typhoid, etc.**
- * **31 children stopped working as a result of the Center's intervention. Others cut work by est. 60%.**
- * **17 children enrolled in regular public school because the Center worked with their families**
- * **2 girls (12 and 13) were saved from early marriage through intervention by Center staff**
- * **15 children received legal help in family court from lawyers working with the Center**
- * **18 cases resulted in a decline in family violence after Center staff intervened with mediation**
- * **Center staff also provided extra care to children suffering from psychological problems due to serious trauma from sexual abuse, extreme violence, witnessing the murder of family members, disorder in sexual behavior, and being treated in a humiliating way for a long period.**

Iraqi Children
Foundation

From This to.....

Iraqi Children
Foundation

Meet two children the Center is helping....

- *Two brothers have been registered recently at the center, 9 years and ten years old. Their mother committed suicide three years ago by burning herself because of despair over poverty and abuse by her husband who beat her severely. The two brothers now live with an aunt and are experiencing happiness at the center where the team provides them with loving care.*
- *A 10 year old girl regularly attends the center and is doing well with her classwork. However, her family forces her to work as a condition of attending the center. She has to go to work after she leaves the center and sometimes must work late at night, collecting empty soda cans from the garbage to earn for her family about \$12 a day. They threaten her that if she doesn't bring in that amount, she will have to spend the night outside and not go to the center the next day. She suffers a lot from the stress of this situation.*

Iraqi Children
Foundation

**A special thank you to
all of you at Lake
Oswego Rotary for
being our partners in
showing love and
support to these Iraqi
children!**
