- We are a US-based nonprofit organization empowering Tanzanian communities to improve the lives of children orphaned and made vulnerable by HIV/AIDS. Our five-year program helps villagers identify most vulnerable children and develop care plans for them, establishes agricultural co-ops to produce income for these children's families, and changes the economy of the entire village.

A high-angle photograph of a group of approximately 15 children of various ages, from toddlers to young children, gathered around a white relief bag. The bag is prominently displayed in the center and features the Shelter Box logo and the 'Mango' brand logo. The children are looking towards the camera with various expressions, some smiling and some looking serious. The background is a grassy field. The overall scene conveys a sense of community and relief.
