IMAGINE
ROTARY

New Rotarian, Lorena Salazar's husband Julio Salazar who is only 38 years old is in critical condition at Swedish Hospital in Seattle.

Julio is fighting for his life due to liver and kidney failure. Julio is an amazing guy with 3 children and recently a grandfather. He was a wind mill electrician for 20 years who spent his life traveling to support his family.

We are not sure how much life is left in him but we are asking for a miracle!

All of his siblings, his mom and myself have been here with him. Nothing is cheap in Seattle and the expense of hotels, food and gas are starting to hurt us financially. We are asking our friends and family for donations to help with these expenses. This isn't easy for us to do, but we feel that letting people know what is happening may also help Julio pull through and hang on to the life he has in him!!

We appreciate all the support you give us! If you can't donate we ask for lots of prayers. Thank you. The Salazar Family
