Gael & Ralph,

following Geal's letter asking Arsene if he agreed that the GG's funds be pooled in PHI's bank account, I would say yes; there is no downside for this orientation. I talked to Aresene couple hours ago, and we all are agree. It's the way that will be faster and cheaper because you will avoid the 5% of transfer fee.

When you raise the funds together in PHI bank account,

Arsene requests that you send the money to Togo through the T-dapaong club bank account.

Then he will send you the references for this account this morning. I hope this is clear to all of us.

Gael,

suite à la lettre de Geal demandant à Arsene s'il était d'accord que les fonds soient rasemblés dans le compte de PHI, je dirais oui; il n'y aucun inconvénient pour cette orientation,. Ces't la voie qui sera plus rapide et moins cher car vous éviterai les frais de transfert de 5%. Arsene demande que vous envoyerez l'argent au Togo à travers le compte bancaire du club T-dapaong. alors il va vous envoyer les références de ce compte ce matin. J'espère que c'est claire pour nous tous.

Thank you all!

Hello everyone;

As promised I will come back to you in an attached file with the bank references of the account into which you will transfer the funds mobilized at your level
Once these funds are transferred to this account I will take the bank statement to send it to the Foundation which will transfer the supplement

I will also fill in the bank references on the project account

Best regards, Arsene
