2. Click the time you want and the type of donation you want.

Blood or Power Red

You can read the descriptions to decide what type of donation you want on the red cross site using the link below.

[Red Blood Cell Donation - Power Reds | Red Cross Blood Services](#)

Only blood types O, A negative and B negative are eligible to donate Power Red. Power Red uses a special machine that takes 2 units of red cells and returns the remaining blood components back to you. It takes approximately 30 minutes longer. Red blood cells are the most frequently used component.

**Mask guidelines for blood donors**

The Red Cross follows a [high standard of safety and infection control](#) and continues to socially distance wherever possible at our blood drives, donation centers and facilities. While donors are no longer required to wear a face mask, individuals may choose to continue to wear a mask for any reason. The Red Cross will also adhere to more stringent face mask requirements per state and/or local guidance, or at the request of our blood drive sponsors. [Please see our updated FAQs.](#)

5.

5. Click "Confirm Appointment"

NOTE: If this appointment was created on the same day as your donation date, please advise the staff when you arrive and check-in.
