A Few Announcement . . .

- We had 5 Rotaractors with us at last week's Berkeley Rotary meeting, Zooming in from 5 different towns in the Bay Area and beyond. Great to see them! (And congratulations to Kylee Mebust, who begins her second term as District 5160 Rotaract Governor on July 1!)
- At the Wednesday May 20 meeting we're experimenting once again with a panel of Berkeley Rotarians exploring a major issue, with time for your questions. The subject is California's housing shortage. See the article below for more information.
- A Quick Zoom Tip: If you need to unmute yourself quickly to ask a question or make a comment, just press the space bar and HOLD IT DOWN while you talk. When you let it go you'll be muted again.
- Would you like to PRINT the Green Calendar (on your own white paper) every week? While you're here on eRev look up in the left corner under the street sign. Follow the directions to [Click HERE](#) for a printable calendar of upcoming events. [Very easy!](#)

Wednesday's Panel on California's Housing Problem

By Frederick C. Collignon

This Wednesday's program consists of three short presentations and then a response to the questions members have submitted over the past month in response to the E-Rev solicitation. Those questions are shown below. We will then take on questions submitted in the Zoom chat room on a first come, first serve basis.

The presentations will cover:

- How did California's having the highest housing costs, the highest cost burden on residents for their housing, and the most homeless in the nation come about? Presenter: UCB Professor Emeritus Fred Collignon
- What can be done to reform zoning or secure public support for more density and more housing? Planning Director Libby Tyler
- What are the alternatives for reducing housing costs and providing more housing? Developer Shawn Rowles

planning meeting: ♦Who will write the article for eRev?♦ So I said I would for the program this week, and boy did I get lucky. Our speaker, Russell Kassoff, ♦Pianist to the Stars, ♦ wrote the article for me. (Russ had entertained us with stories from his time accompanying Frank Sinatra, Liza Minnelli, and Rita Moreno, among others, and his wonderful piano virtuosity.) Then I received this email a few minutes after the meeting. It is customary for Rotary to thank the speaker but he beat me to it. I would like to add one thing before sharing his letter. See Russ in Concert on YouTube:

Household Items Needed for BOSS

By Joanne Dickerson-Harper

Supportive Housing Committee Member, Maxim, has received an urgent request from BOSS. They are in need of several items for the new clients being placed in Transitional Housing and those clients who are being placed in housing. Among the items requested are small end tables and clean gently used twin sheets. Supportive Housing will coordinate with BOSS on providing the other items. We will give delivery details shortly.

As usual, we appreciate all of the help that you give us to help those in need.

Questions for Mental Health Group?

The Mental Health Group associated with the Covid-19 Information Committee requests you to submit questions regarding any issues you may be experiencing coping with the

current stresses, as well as the things you find help you at this time. Please send your questions and input to oneilsdillon@gmail.com. Your responses will be used to help us put together hopefully useful information on the Covid-19 CIG site. Confidentiality will be protected.
