## *This just in . . .*

I just received photos of the HOME Team who were on duty this morning. **Clayton Worsdell** rushed them to me but it was too late. The newsletter had already been sent out. According to Clayton, they only had one task to attend to and included the talents of **Frank Westphall**. They asked what the nature of the problem was and it was explained that a toothpaste cap accidentally fell down the drain. So Clayton and Frank got to work clearing the drain of the "toothpaste cap" and proceeded to fix the faucet..

Just look at what they found!

They found the toothpaste cap that's for sure, but just check out the various "treasures" that were also in the drain.
