

Rotary Club of Sanger COG Requirements

For New Members with a **Red** Badge

The Rotary Club of Sanger is proud to welcome you into our club as one of its newest members. We know that informed new members make lasting and productive Rotarians. To ensure this, we submit these COG guidelines so that you will have an opportunity to begin learning about Rotary International and the Rotary Club of Sanger, which chartered on June 16, 1953.

By now you have received your “red badge”. Once you have completed all the required assignments (cogs) you will be presented with your permanent “blue badge”. We are looking forward to your participation this Rotary year and in the years to come.

Adela Jones, Club President
