

Dear Rotary of Atascadero,

6-9-15

From the bottom of my heart, I want to thank you guys for all you have done for me. Through KEY club, you have taught me how to serve others with enthusiasm. Through the Four-Way Test, you have taught me how to improve myself. Through the essay contest, you have given me confidence in my writing abilities. And on top of all that, you guys were generous enough to grant me a \$6000 scholarship. I cannot emphasize enough how much that meant to my family. College funds have been a high stressor these past few months and you have done your part to ease some of it. Thank you so, so much.

I will be back

to visit!

Your kindness is
greatly appreciated.

With much
appreciation,

I would like to thank you for your generous contribution to my college future. This scholarship will help me achieve my goals at SOU. With your gift, I will be able to attend Southern Oregon University at a more affordable cost. My family and I thank you for your contribution as it is a weight lifted off our shoulders. I'm inspired by the Rotary foundation's involvement in our community and the success of my peers' futures. Thank you for taking the time to review my application and choosing me to be awarded the scholarship. Interviewing with the committee was a positive experience and truly enjoyable. I look forward to keeping your organization posted on my studies and experience at Southern Oregon University. The central coast is blessed to have the Rotary organization be active in our community. I am in awe of the Rotary members selfless donations and service to our hometown. Once again, thank you for believing in my potential in college and funding my future.

With much appreciation,

Annie Thompson

Dear Mr. Leavitt and the Ascadero
Rotary Club,

Thank you, thank you so very much
for your generosity! I really appreciate
your helpfulness and willingness
to graciously donate to my education!
I certainly know the value of money,
so I am very thankful for this
support which enables me to further
my education at UC Davis to study
Biochemistry. I am really excited
to start school September 21st. Without
you, I know this opportunity wouldn't
be a reality. Thank you so much again!
I'll see you all at the luncheon!!
