Join Scott Allen Frost for Inspiration and Guidance

On a whim, Scott Allen Frost went for a dirt bike ride on a beautiful afternoon. In a moment that changed his life; his motorcycle went off a wall leaving him paralyzed from the shoulders down. Terrified, Scott had a choice: Give up on life, or make it better than ever before. Motivated by a series of miracles that followed a cryptic commandment heard in the dark of his hospital room, Scott chose to live life in the face of tremendous adversity. Hear Scott's journey from lying helpless in a ditch after his accident to discovering the power of faith and love as he persevered through grueling physical rehabilitation. Scott will apply those life lessons to what we all are experiencing in the midst of the COVID-19 pandemic at work, at home and in our community.
