The 7th grade Social Studies Curriculum covers a range of topics from The Roman Empire, to the Renaissance. The Studies study in depth the structures, important people and artifacts during lessons. Often times students focus and research further on things we study. I would like my students to make social studies a more hands-on activity. I would like students to choose anything/person from their books to research and build. I would need the \$500 for supplies for various projects. Ideally, students are in groups of 3-4. I currently have a class of 30 students which could be costly. I'm hoping the projects will be displayed where the school and parents could see them along with small presentations prepared.

The deadline for this application period is December 17th, 2021

Requests for capital projects such as equipment, tools, etc. are made to enhance a teacher's unique ability to instruct students. Grants for field trips and non-capital expenditures must be used within 120 days of funding.

Grant requests for a current cycle will not be automatically carried forward to the next funding period. However, a teacher may resubmit a similar (or identical) request for an unfunded project in subsequent grant cycles.

The San Dimas Rotary requests that any teacher who receives an award submit some evidence that their project was completed successfully. Photos or newspaper articles submitted by teachers may be used to promote the Mini-Grant Program.
