

# LAS VEGAS AFTER HOURS ROTARY CLUB

## Getting Started

- ✓ Our newly formed Rotary Club's Charter members have selected the community and global organizations that best fit with our vision "to advocate for and empower children, young adults, families, schools and communities so that we make the world exponentially a better and more harmonious place to live."
- ✓ **Local Organizations:**
  - Agassi Boys and Girls Club
  - Robert Lunt Elementary School
  - Nevada Partnership for Homeless Youth
  - Salvation Army
  - Nevada Childhood Cancer
  - Spread the Word Nevada
  - Project 150
  - Living Grace
  - Santa Clothes in partnership with Southern Nevada Rotary Clubs
  - Providing story books to new moms and babies
- ✓ **International Organizations:**
  - Solar light distribution in partnership with Watts of Love
  - Polio Immunizations and water projects in partnership with global Rotary Clubs
  - Building homes in Mexico in partnership with Corazon.
- ✓ **Funding:**

The funding for our programs will be provided through grants with local business, international agencies and fundraising activities within our community, including our recent Charter Party
- ✓ **Manpower & Resources:**

Our intent is to provide hands-on opportunities for our members, and their family and friends, to serve in our community. Our calendar provides for two (or more) opportunities a month to come together to serve as a Club. Within the first nine

months of building our Club, our members provided more than 300 community service hours. In addition, several of our members donate their own time and money to support our International Programs. Also, we work in partnership with other local Rotary Clubs to support additional local programs. This generous support is continuing and expected to continue.

✓ **Future Programs**

Our Club format allows for two business meetings a month where we bring in speakers to touch on topics important to our members, including our Charities. We will evaluate the needs of each of our programs on an ongoing basis, which will allow us to continue to support our community at the highest level, and serving in the spirit of Rotary’s motto “Service Above Self.”
