

## **Rotary Club of Coronado Foundation Club Service Project Grants Guidelines & Funding Application**

The 2019-2020 Coronado Rotary Club Budget includes a \$2,500 line item for Club Service Project Grants. Our vision is to award up to five \$500 grants for hands-on service projects that will support Rotary International's areas of focus and benefit our community.

The Board of Directors will consider the following guidelines when voting to award Club Projects Grant funds:

1. Is the project proactively supported by 3-5 members of our club who will have hands-on involvement in the project?
2. Have Rotaract and/or Interact members agreed to actively participate in the project?
3. Will the project produce significant impact?
4. Will the project support ideals of Rotary and RI's areas of focus?
  - \*Peace and conflict prevention/resolution
  - \*Water sanitation
  - \*Maternal and child health
  - \*Basic education and literacy
  - \*Economic and community development
5. Does the request follow the request for funding format and indicate specifically how the funds will be used?
